

You must take immediate steps to halt Sinclair Broadcasting Group's plans to disseminate political propaganda in the form of an anti-Kerry film called "Stolen Honor."

Rather than using the public airwaves to serve the public, Sinclair, by this move, is attempting to advance a certain political agenda and to sway voters illegally just before the election.

This is a clear example of the dangers of media consolidation.

I urge you to demonstrate leadership on this issue and show the American people that attempts to air such an attack ad under the guise of news will not be tolerated in a free society. This is illegal and must be stopped, and you are the regulator responsible for stepping in and putting an end to it. Large corporations cannot be allowed to use their money and access to the airwaves in order to effect a certain political outcome. This is corruption and you must take a non-partisan stand on this issue to protect our democracy.

Thank you.
